Palm City, FL 34991

Dear John,

We would like to take this opportunity to thank you for building our beautiful new home. You and your office staff made the building process go smoothly.

As a retired New Jersey union carpenter, with thirty years experience, I, Rob, appreciate good work with attention to detail.

You have been a hands-on contractor, attentive to our concerns, mindful of local codes and scheduling the appropriate workmen to keep the job moving with precision and good timing. Your employees reflect your work ethic - hard working and respectful of people and property.

We are proud to call your handiwork our new Florida dream home.

Thank you again, and we would highly recommend you and your company to any future home builders.

Sincerely,

A handwritten signature in black ink, appearing to read "Joann & Rob Chant". The signature is written in a cursive, flowing style.
