Dear John,

We would like to take this opportunity to thank you and your staff for an outstanding job during the construction of our home in Joe's Point.

Building a home can be quite a stressful undertaking but JMC Contracting, Inc, made the entire process a pleasant experience. We didn't have to go through the process of selecting an architect since we chose your model in Orchid Bay and any custom changes were made in-house.

Since many of our months were spent up north in New York the entire construction phase from the lender to move-in date was conducted in a timely manner.

We thank you again for a job well done and would highly recommend you to any future potential home builder.

Sincerely,

Helmut & Elsie Kueck
