To the team at JHC -

I want to take this opportunity to express our thanks and satisfaction for the work performed by you.

The renovation of the house at Piper's Landing was complicated. It was further complicated by the fact that we were not around for on-the-spot decisions.

Notwithstanding all of the above, John did an amazing job! The details he noticed were fantastic, the execution of the work perfect! Plus, it all came in within budget, no surprises!

We would recommend this team for any project - large or small!

Thank you all,

Cathy Liebowitz
