Re: Residence for John and Lynne Lowen

Dear John,

I just wanted to take a moment to thank you for the outstanding job you did on our new home.

The fact that our home was a more complicated design than usual made it even more important to me to have someone with experience and knowledge in the custom residential home building industry.

I have been an Electrical Contractor for many years and from being in the construction industry, I truly appreciate the quality and professionalism you have shown.

Thank you for exceeding our expectations and allowing us to enjoy the entire process.

Please feel free to refer your prospects to me at anytime.

Sincerely,

John A. Lowen, President
