Dear John,

We would like to take this opportunity to thank you for building us such a fine home. We have been in our home for six months and have had the opportunity to really see the superb workmanship that went into the building of our house.

It is obvious that you take pride in your product and make every effort to ensure that the end result is of excellent quality. Not only is our home pleasing to the eye, as are many Florida homes, but it is also solidly constructed with above average materials and workmanship.

During the construction process we were able to meet many of the subcontractors. We were very pleased with the work performed by all of them and also found them to be very nice people.

Once again, your efforts are appreciated!!

Sincerely,

Derek and Maureen Miele
