Dear John,

It is hard to believe that we have been in our new home for over a year now. I am happy to tell you that we are as pleased with our house today as we were on move-in day. You and your staff did a wonderful job throughout the planning and construction process. Your choice of sub-contractors and materials was excellent and I am happy to say that we have had no problems.

We have found the design and layout of the house to be very livable and all JMC's extra touches are both convenient and beautiful. My wife and I are very happy with our decision to use you and your staff as our builders. You demonstrated yourself to be a quality-conscious, reliable, first-class contractor.

Thanks again for a job well done!

Sincerely,
