Stuart, FL 34994

Dear John:

Thank you for doing such a professional job on our home renovation. We are very happy with our new home, thanks to your attention to detail and high standards. All of your subcontractors did an outstanding job, and we appreciated your giving close attention and supervision to their work. We were especially pleased with the flawless work of your painting crew. Their work surely demonstrated that you get what you pay for! Our kitchen, living area, master bedroom and bath have been transformed.

While undergoing a home renovation is never painless, especially long distance, the results are worth it and I would be happy to recommend you to others.

Sincerely,

Jo Baxter
