To Whom It May Concern:

This is a letter of recommendation for Mr. John Chervany, J.M.C., Corporation, the builder of our home.

We are very pleased with the home that Mr. Chervany built for us. The quality of the materials and the workmanship is excellent. We have been in our home for over one year now, and we have not had any problems at all. Mr. Chervany put a lot of extras in our home to make it attractive and very comfortable.

We have had several homes in different areas of the state, and this is truly the better built home.

We will be happy to let Mr. Chervany show our home to any future customers, if they desire to see the quality of the houses that he builds.
